DELICATE OPERATIONS GENERAL PURPOSE

Nylon
No coating

BO610

Fit

CHARACTERISTICS

- Seamless nylon liner

DESCRIPTION

This nylon liner offers great comfort, flexibility and precision. It is designed to minimise the risk of contamination, and its seamless liner and anatomical design provide maximum comfort during handling, as well as reducing hand fatigue. The seamless design eliminates the risk of irritation. Its elasticated cuff keeps the glove correctly adjusted. This glove creates minimal lint and dust. "Clean Packed" version of this glove is available, for use in clean rooms*. Can be washed at 40°C using a neutral detergent.

* Decontaminated for CleanRoom purposes:
This is rinse out in ultra pure water and packed in the class 100 (less than 0.5 microns per cubic feet)
Opening should be done in a highly clean atmosphere

The information above is a guideline of typical performance values and characteristics of the product and is not to be used as product specification. Variation of type, quality and other characteristics cannot be excluded.
All data are based on information provided by the manufacturer. Basan is not able to take any liability for the correctness of this data. The same applies for information, that is e.g. incomplete, incorrect, imprecise or others, in comparison with the objective characteristics.
